## M'AUILLIFE NOT GUILTY IN PILLOW MURDER CASE

Jury, Instructed to Acquit Prisoner or Find Him Guilty of First Degree Murder, Returns Verdict for Acquittal After Short Deliberation.

### ALIBI FORMED CHIEF DEFENSE

Several Relatives and Others Testified Accused Man Was at a Wake on Night Negro Bank Messenger Was Shot.

Thomas McAuliffe this afternoon was acquitted of the charge of murdering Errol Pillow, negro bank messenger.

Judge Hogan had instructed the jury that it must either find McAuliffe guilty of first degree murder or must acquit him.

The case was given to the jury at 2 p.m., but it did not formally consider the case before going to lunch. It returned from lunch at 2:40 p.m., and then began consideration of the case. At 2:40 it rang its bumer twice, indicating to those waiting in the courtroom that a verdict had been reached. Judge Hogan was not in the courtroom at the time and the return of the jury was delayed 10 minutes, until he came in.

Members of the jury said, after dispensing with the case, that they did not discuss the case in any way, and would not say how many ballots were taken. It was believed by court attaches, from the speed with which the verdict was reached, that the decision was on the first ballot.

The courtroom was cleared before the jury entered with the verdict.

Outside, in the third floor corridor of the Municipal Courts Building, waited the relatives and friends of McAuliffe, and many of the spectators in the trial.

When news was brought from the courtroom that the verdict was one of acquittal, there were exclamations of "Thank God!" and "Dewey's free" from the women.

A few minutes later, "Dewey" himself appeared, and was seized by his sisters, who kissed him, crying. "They tried to ruin you, Dewey, but all right now."

Other women gathered about him, and members of the family led in what became a general demonstration in the hallway.

When the first showing of affection and excitement was over, McAuliffe led the way down the corridor to the stairway, and as the elevators would accommodate but a fraction of the crowd, he started down the stairway, and was followed was from the third floor to the first by most of the assembly. Downstairs, the spectators separated, while McAuliffe still followed by his relatives, went out.

Pillow, as has been told, was shot and killed in front of his home a short time after he had identified James Hogan as one of several men who had waylaid him on the street, forced him into an automobile and robbed him of money belonging to the North St. Louis Savings Trust Co. Hogan is awaiting trial on the robbery charge. Leo Casey, who was arrested and indicted with McAuliffe, is scheduled for trial later.

Circuit Attorney Sidenor said he would confer with Assistant Circuit Attorney Johnston, who prosecuted McAuliffe, as to the Casey case. When the defendants took a severance, the State elected to try McAuliffe first, thus indicating that it considered the case against McAuliffe the stronger of the two.

The Circuit Attorney said he believed the \$12,000 reward, offered for information leading to the arrest and conviction of the murderers of Pillow, had been a factor in bringing about McAuliffe's acquittal.

The reward, which would then be divided with witnesses for the State, "was Jones ought to get the big

Four Other Men, One  
Woman and Three Boys  
—Eight Unidentified.**

**Repairs Will Cost \$15,000  
and \$75,000 More Will Be  
Needed to Put Them in  
Safe Condition.**

**Parts of the victims' bodies and  
fragments of the machine were  
strewn along the track for nearly a  
mile. The accident occurred at a  
bend in the road and it is thought  
the driver was unable to see the ap-  
proaching train on account of a  
driving snow storm.**

**Harvard Kicked off and O'Hearn  
ran the ball back 15 yards. After  
two line plunges Capt. Aldrich of Yale  
punted with the wind behind him across Harvard's goal line and  
Harvard put the ball in play from its 36-yard line.**

**Two Harvard line plays failed to  
gain and Fitts punted to Aldrich at  
midfield. Aldrich returned the ball  
to Harvard's 36-yard line.**

**Two Harvard line plays failed to  
gain and Fitts punted to Aldrich at  
midfield. Aldrich returned the ball  
to Harvard's 36-yard line.**

**After Aldrich had made five yards  
and Fitts was thrown for a loss,  
Aldrich tried a drop kick from the  
47-yard line, but failed. Harvard  
put the ball in play on its own 20-yard line.**

**Harvard made first down in two  
plays, then Fitts punted to O'Hearn at  
midfield. O'Hearn returned the ball  
seven yards.**

**After two short line backs, Aldrich  
punted over Harvard's goal line and  
the Crimson again put the ball in  
play by the Crimson at its own 20-yard line.**

**Harvard gained seven yards in two  
plays and the period ended with  
Crimson having the ball on its own  
27-yard line.**

**Score, end of first period: Yale  
3; Harvard 0.**

**Harvard, having the wind at its  
back, punted on the first line of the  
second period and O'Hearn in returning the ball  
back, fumbled into another Yale  
player, dropped the ball and Hubbell  
had recovered it for Harvard on  
Yale's 28-yard line. Three plays  
gained seven yards for Harvard, then  
Owen failed in an attempt to kick a  
field goal from the 30-yard line.**

# THREE OR FOUR WARS ALREADY PREVENTED BY FRENCH ARMY, PREMIER SAYS

"TELLING US NOT TO WORRY ISN'T ENOUGH"—BRIAND

*"If Britain, U. S. and Italy Should Say: 'If You're Attacked, We Will Aid You,' Army Could Be Cut."*

FRENCH NOT TO ASK FOR ARMS TREATY

"Entente Cordiale" Would Be Proper Arrangement, in View of High Authority, Who Stresses Part of Public Opinion.

By the Associated Press.  
WASHINGTON, Nov. 19.—War would have broken out in Europe three or four times since the signing of the armistice, had it not been for the French army. Premier Briand declared last night in conversation with American newspaper correspondents. The French premier was discussing his forthcoming speech Monday before the third plenary session of the arms conference, which he said would not be an oration, but rather an explanation.

"France does not want a large army any more than you do," he said. "We wish it were possible to reduce below the minimum that we now have in mind, but we must, as we are alone, secure ourselves. France is not asking for anything. If it were possible for Great Britain, the United States and Italy to say 'If you are attacked, we will be with you,' then it would be possible for us to disarm. But if you simply say 'Do not be afraid; tranquillize yourselves; no one is going to attack you,' that is not sufficient."

"There is the Russian army of 1,000,000. You may say 'Why do you mention that? Russia is not attacking you.' Poland is the only barrier. If France had not had a strong army last year, the barrier would have fallen. The Soviet troops would have been in Germany. There would have been anarchy in Central Europe. No; we must have an army to secure ourselves and maintain order."

**"ENTENTE CORDIALE"**  
ON ARMS FAVORED

By LINCOLN EYRE,  
The Paris Correspondent of the Post-Dispatch  
(Copyright, 1921, by the Post-Dispatch)

WASHINGTON, Nov. 19.—France feels that there is no reason apparent at this time why the arrangements evolved by the conference relative to either naval limitation or Pacific settlement should require confirmation by formal treaty. The French attitude is that treaties nowadays are scraps of paper unless supported by public opinion in all countries concerned and that if such support is forthcoming signatures by Governments and ratification by Parliament are unnecessary.

Epitomizing his delegation's sentiments, an eminent French plenipotentiary told me that the day when international agreements were dependent solely upon the policies of statesmen had passed and that it behoved modern diplomacy to be guided by the popular will, as expressed through their representatives and in the press.

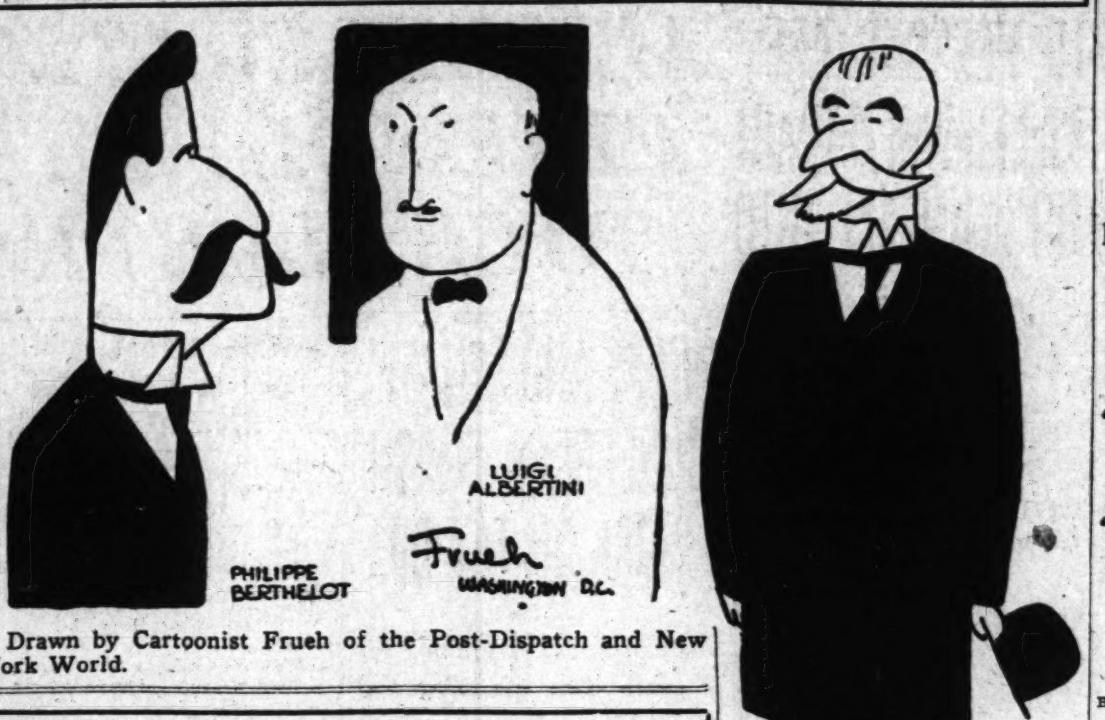

"Principles approved by the peoples after enunciation by the executives of the Powers concerned are far more binding than any grandiose scroll signed by Ministers of State," the delegate added. "Your own relations with Canada are the best proof of that. And if evidence of the direct influence exercised upon diplomatic procedure today by popular opinion is needed, consider how Senators and Representatives, also in the gallery as spectators, swayed the first day's proceedings in Memorial Hall. Had it not happened at the Congress Vienna, or even at the conference in Versailles?"

Briand for "Entente Cordiale." In conversation with the correspondent last evening, Premier Briand plainly intimated his concurrence in the doctrine outlined by his associate. His conception of a solution of the Pacific problem, he said, lay in the establishment of a peaceful atmosphere in the Far East through the formation of principles equitable and accepted by all the nations concerned.

"An entente cordiale in the Pacific ought to emerge from our present deliberations," he said. "Some none of the conferring Powers harbor imperialistic designs, an understanding should easily be arrived at covering general principles."

The Premier's reference to an "entente cordiale"—which was the name given to the unwritten agreement France and Great Britain devised in 1906—clearly demonstrated his belief that a formal treaty duly signed and sealed, is unnecessary. It would follow, therefore, that executive declarations of policy not requiring ratification by Congress and the respective Parliaments will suffice in his view to confirm the decision to have a fleet adequate for the spent on various trips.

## Slight Changes in Ring Lardner's Hootch Holiday Suggested by Friends

By RING W. LARDNER.

WASHINGTON, Nov. 19.—Readers of this column may recall a suggestion of mine the other day for a general reduction in rum armaments on Long's Island where I live at including a 10-day hooch holiday every month the same to apply to my family and two other families who we will call the Smiths and Browns, the purpose of which proposal was to lessen the possibility of family brawls and fist fights but mainly to reduce the burden of taxation which has been made intolerable you might say.

Publication of the proposals was followed by a shower bouquet of collect telegrams congratulating the author of same but it was not till today that the other two families involved in the scheme expressed their opinion of same. Readers will be glad to know that the Smiths and Browns have given their hearty approval of the idea as a whole though the both of them have offered a couple of minor suggestions that don't affect the general outline of the proposition but is merely technical changes made necessary by conditions in their own homes of which I was not aware.

Mrs. Brown was the first to reply for his family in the following speech which was spoke entirely in Greek and then repeated to the conference in the bird language:

"Mr. Chairman and delegates, the Brown family wished to announce themselves in hearty accord with same as well as with our extended family whom we can't agree to on such a proposition as a ten day hooch holiday. The Mistress feels that such a holiday would put me in such shape that when the holiday was over and was again time to start getting boiled my stomach wouldn't be in no condition to defend itself."

The Smith family wishes to congratulate the chairman on his unselfish scheme for reduction of the liquor burden and to express our hearts in hearty accord with same as well as with our extended family whom we can't agree to on such a proposition as a ten day hooch holiday every month as both myself and the Mistress feels that such a holiday would put me in such shape that when the holiday was over and was again time to start getting boiled my stomach wouldn't be in no condition to defend itself."

All in all the author of the scheme is pleased at the way the Smiths and Browns has received it and feels that the few changes suggested by the latter is mere changes in detail which will half to be discussed by party but that whatever changes is proposed won't have no effect on the scheme as a whole except maybe to spoil it."

However, without no wish to disturb the present friendly relations which exists between our family and the Smiths and Browns we feel it only fair to state that in case our proposals is turned down we will establish at our house the policy of the Open Door and they will be sign on it saying Exit only.

ALL DELEGATES SHOW FRIENDLY ATTITUDE TO CHINA'S PROPOSALS

Continued from page one.

By the Associated Press.

NEW YORK, Nov. 19.—Emphatic assurance that the iron and steel manufacturers of the United States are solidly aligned with delegates to the arms conference in their efforts to end war was given by Charles M. Schwab in an address last night at a dinner of the American Iron and Steel Institute in honor of Marshal Foch.

After paying high tribute to the

Marshall and telling him that in the

language of the greatest of poets he

had been "grappled to our souls with

hoops of steel," Schwab, who is head

of the Bethlehem Steel Corporation, said:

"I would like to take advantage of this occasion to say something to those who have long been upon my heart, and which at this significant moment it is clearly my duty to say. It was stated at some of the sessions of the recent League of Nations meeting in Geneva, and often reiterated in the press, that the world is evidently

in a state of reorganization, then it is

clear that all dreams of empire in

China or any fragments of China on the

part of any other Power must cease.

This building up of a united, peaceful China by the conscientious self-denying action of the chief

Powers of the world is evidently,

in present conditions, the only

same policy for the Powers as

assembled at Washington, but it is

unhappily quite diametrically op-

posed to all traditions of competitive

nationality. And I find a most

extraordinary conflict going on in

men's minds here in Washington

between the manifest sanctities of

the world situation and those habits of

thought and action in which we have

all been bred.

Competitive nationalism and the

long-established competitive traditions

of international intercourse, as a

sort of game to beat the other fellow

have as tough a vitality as the

appetite of the wasp which will go on

on eating greedily after its abdomen

has been cut off. Indeed, some of

the representatives of the Powers at

Washington seem still to be clinging

to the ambition of finally devoring

China—a feast which they will not

have the remotest prospect of digesting.

He is "Permanently Astounded."

If that sort of thing goes on, we have to reckon with that. When we ask Japan to release China, we ask for

something very much against Japanese

habits of thought. Her domi-

nance is based on recent exper-

ience. Japan has made a lot of fun

between the French and English, to

recognize frankly and to put it upon

record that that phase of history

has closed, and to provide some ef-

fective means of restoration now and

the prevention of fresh aggressions

in the future.

Agreement of the Powers.

No doubt there is a military caste

in Japan, loving war and not ever

dreading modern war. We have to

reckon with that. When we ask

Japan to release China, we ask for

something very much against Japanese

habits of thought. Her domi-

nance is based on recent exper-

ience. Japan has made a lot of fun

between the French and English, to

recognize frankly and to put it upon

record that that phase of history

has closed, and to provide some ef-

fective means of restoration now and

the prevention of fresh aggressions

in the future.

Sunday average ..... 361,964  
DAILY AND SUNDAY AVERAGE, 191,086

THE POST-DISPATCH PLAT-  
FORM.

I know that my retirement will make no difference in its cardinal principles, that it will always fight for progress and reform, never tolerate injustice or corruption, always fight demagogues of all parties, never belong to any party, always oppose privileged classes and public plunderers, never lack sympathy with the poor, always remain devoted to the public welfare, never be satisfied with merely printing news, always be drastically independent; never be afraid to attack wrong, whether by predatory plutocracy or predatory poverty.

JOSEPH PULITZER.

## LETTERS FROM THE PEOPLE

## The Cellar Digger's Work.

To the Editor of the Post-Dispatch.  
In his letter on the high cost of building the writer signing himself L. A. P., in commenting on the exorbitant cost of wages and material, begins at the beginning by citing the cellar digger. This class of workmen are getting entirely too much: \$3 per day is plenty, he thinks.

Well, being a member of the unenviable tribe who follow that occupation, I must take issue with L. A. P.

In a society founded upon absolute fairness this class of labor would command the very highest scale of wages, because it is at once the hardest and most disagreeable of all work. The cellar digger is directly affected by all the vicissitudes of the seasons—the intense, fatiguing heat in summer, the mud and slush caused by the rains and snows of winter. One has to do this work to know what it is.

Until the last two or three years the wages paid for this line of work were so small and employment so uncertain that those engaged in it were hard pressed to secure a bare existence, being compelled to eat at the cheapest restaurants, wear insufficient clothing and stop at the most insanitary lodgings. There was no "American standard of living" for them. A scale of wages which insures the cellar digger a living comfortable with health and decency will hardly retard the progress of any building boom that may be on the way, while it may add much to the efficiency so urgently demanded by employers.

A CELLAR DIGGER.

At Grand and Easton.

To the Editor of the Post-Dispatch.  
If the critics of Billy Sunday would come out our way any night—that means seven nights a week—I am sure they will say Billy is very tame. We have two of them within one block, and while they both belong, or claim the same belief, they are bucking each other. The program starts at 7:30 p.m. and keeps up as long as they have wind; sometimes to 11 o'clock; sometimes longer. Last Saturday night they kept at it until 5 o'clock Sunday morning. You can hear them a block away, so you won't get lost. Just come out to corner of Grand and Easton avenue any time after 8 o'clock.

I am sure if Mr. Miller would send his Night Riders out here the neighbors would thank him. I know if any of us should have a party and do as those people do after 10 o'clock we would all land in the wagon. We invite some of the riders to come out and take in the show. Come any evening. It is going on all the time. WEARY.

Man and Horse.

To the Editor of the Post-Dispatch.  
"P. A." who says he has been connected with the building business in St. Louis for over 40 years, gives his views as to what certain items entering into the construction of a building should cost. Among others he says that in the excavating work done on a basement, the laborer should receive \$2 per day and the team \$5. In other words, a horse is equal to a man in value. It doesn't make any difference whether the man is married, is the father of children, pays rent, and the hundred and one other items of expense the head of a family must provide—for in intrinsic value he is worth only what a plug horse would bring. Such horses as are used on dirt wagons are worth about \$125 each. Think it over. If a \$125 horse is worth as much as a man doing common labor, then Mrs. Sanger is right and the poor should practice birth-control. Instead of putting their income into the raising of large families they should invest it in horses.

C. A. K.

The Marine Corps.

To the Editor of the Post-Dispatch.  
It was a pleasure to be in St. Louis on Nov. 11 and to witness the parade held in honor of the men of the armistice and to see the St. Louis boys who fought in the world war turn out in force.

It was also a great pleasure to notice a new unit in the parades. That was the boys from the St. Louis Marine Corps Club. FRIEND OF THE MARINES.

Want Service Corps.

To the Editor of the Post-Dispatch.  
CAN'T something be done to divert some of the service cars on Delmar boulevard over to the University line? What few now run on the University line are far apart and not at all regular.

It is estimated that 25 per cent more people live between De Baliviere and Union than live in that district on Delmar. Let the University patrons learn that service cars will run regularly, and see how fast a wonderful trade grows up.

It is a common sight to see service cars on Delmar boulevard make their trip downtown with only two or three passengers in large cars. If these same drivers would accommodate the patrons of the University line their cars would be filled, as the street cars are often crowded to a standing point when they reach De Baliviere.

U. R.

## OUR ORCHESTRA AT KANSAS CITY.

No happier event has occurred in Missouri in a long, long time than the appearance of the St. Louis Symphony Orchestra in Kansas City in the first of a series of five concerts to be given there this season. The honors, apparently, were easy. If the orchestra acquitted itself finely, as the critics aver, the audience was inspiringly worthy of the feast that was spread.

The series of concerts has been arranged primarily for the school children of Kansas City. In Thursday's audience of 4000 it is estimated that 3000 were children, ranging in age from the chubby-fisted toddlers of the grades to the high-school misses and gallants. And according to the music critic of the Post-Dispatch, whose picture of the occasion was drawn with sympathy and charm, our St. Louis musicians were tried, so to speak, by a jury of their peers.

## MORE THEORETICAL PROHIBITION.

The anti-beer bill finally passed by the Senate does not go so far as the dry extremists wanted, but it goes a good deal farther than the language of the eighteenth amendment authorizes. That amendment forbids the use of intoxicating liquor for beverage purposes, but it does not proscribe its use for medicinal purposes. The bill, which now only needs the President's signature to become a law, prohibits the use of beer and wine for medicinal purposes. It fails, however, to open the door of the citizen's house to a prohibition enforcement officer, agent, spy or commissar without a warrant. It repeals, in effect, the greater part of the fourth amendment, but it does not completely destroy it.

The dry extremists, however, have won another notable legislative victory and will, without doubt, be encouraged to press forward to further triumphs. That the use of liquor in any form for medicinal purposes will ultimately be forbidden by congressional enactment may confidently be forecast. With certainty, too, it may be predicted that the privilege of search and seizure which now pauses at the threshold will presently sweep that barrier away.

Evidently, the Constitution means nothing to a Congress the majority of whose members will carry out any sumptuary command to retain their jobs. Whether the St. Louis-Kansas City armistice will blossom into a permanent peace, with each city contributing to and profiting by the cultural progress and resources of the other, may not be forecast. Possibly such a consummation must await the "pax mundi" of H. G. Wells. In any event, the corner stone of neighborly relationship has been laid—and laid under the beaming auspices of joyous children.

## LAND FORCES NEXT.

The Tribuna of Rome strikes an important note when it says:

"There need now to pass to the question of land disarmament. That is the real European problem. Worse yet, Europe is France and Germany—these are lions."

The reduction of the French army to the strength really needed for the enforcement of the terms of the treaty, and no more, would relieve France of a large bill of expense and release thousands of men for industry and peace pursuits. More important still, it would be a long step toward the demilitarization of the world.

Assuming the final acceptance of the Hughes plan, the reduction of the navies of the world should serve as a powerful example for the reduction of armies. It is easier to dissolve armies than to junk battleships. Moreover, there is less justification for an excess of land forces than for overgrown navies, since, in case of need, armies can be mobilized or even created new in a vastly shorter time than battleships can be built. Fortunately the League of Nations has prepared the way for so much disarmament as Europe will accept, and, since America is already disarmed on land, the responsibility of carrying through this phase of the movement lies on Europe.

## A SELF-EFFACING POOH-BAH.

Among Pooh-Bahs in these parts there is not a greater than John Grothe of St. Charles, Acting Sheriff, Deputy Sheriff, Jailer, Public Welfare Officer and Game Warden.

Only five jobs, as can be seen. These are not nearly all the jobs in the county and State and Mr. Grothe rather feels that criticism of his extensive holdings is somewhat captious. His idea seems to be that a public servant who is willing to do five men's work for five men's pay should be commended, not criticized, and some credit should be given for his forbearance in stopping at five.

Forbearance seems to be the right word. It is

THE DANGER-HOLE.  
(From the Memphis Commercial-Appeal.)

evident that the limited number of offices held by the versatile Mr. Grothe is not an adequate index to his capacity. A person who can circumvent the law against succession in office by having his brother elected and doing the work for him is capable of getting all the jobs in the county if he takes a notion.

As Mr. Grothe says, he does the work and gives everybody a square deal and doesn't collect anything except what is coming to him, so why should anybody complain? Well, it is easy to see why the four men who might be holding the other four jobs might be a little querulous about it, but their outcry would be smothered by the acclaim of all the other officeholders in the county, who are duly grateful to Mr. Grothe for not taking their jobs, too.

## \*\*\*\*\*

## MORE THEORETICAL PROHIBITION.

The anti-beer bill finally passed by the Senate does not go so far as the dry extremists wanted, but it goes a good deal farther than the language of the eighteenth amendment authorizes. That amendment forbids the use of intoxicating liquor for beverage purposes, but it does not proscribe its use for medicinal purposes. The bill, which now only needs the President's signature to become a law, prohibits the use of beer and wine for medicinal purposes. It fails, however, to open the door of the citizen's house to a prohibition enforcement officer, agent, spy or commissar without a warrant. It repeals, in effect, the greater part of the fourth amendment, but it does not completely destroy it.

The dry extremists, however, have won another notable legislative victory and will, without doubt, be encouraged to press forward to further triumphs. That the use of liquor in any form for medicinal purposes will ultimately be forbidden by congressional enactment may confidently be forecast. With certainty, too, it may be predicted that the privilege of search and seizure which now pauses at the threshold will presently sweep that barrier away.

Evidently, the Constitution means nothing to a Congress the majority of whose members will carry out any sumptuary command to retain their jobs. Whether the St. Louis-Kansas City armistice will blossom into a permanent peace, with each city contributing to and profiting by the cultural progress and resources of the other, may not be forecast. Possibly such a consummation must await the "pax mundi" of H. G. Wells. In any event, the corner stone of neighborly relationship has been laid—and laid under the beaming auspices of joyous children.

## \*\*\*\*\*

President Miller says it would take 75,000 policemen to stop the traffic in moonshine in St. Louis and the county. Even so, we still insist that prohibition has positively stopped the legal manufacture and sale of liquor for beverage purposes.

## \*\*\*\*\*

## FREEZING OUT AMERICAN SHIPPING.

Nearly a score of the great railroads of the United States, according to Senator Ransdell, "have filed with the Interstate Commerce Commission, under a recent order, copies of contracts made by them with foreign shipping lines. In these it is agreed by the railroads that they will use their best efforts to secure freight for the foreign companies to the exclusion of others. Exclusive use of facilities is granted in many cases, free wharfage and freight handling is given, special arrangements on through bills of lading are made and many other privileges are accorded."

Senator Ransdell backs up his statement by citing agreements made by the Baltimore & Ohio with the North German Lloyd Line, by the Boston & Albany with the Cunard Line, and by the Pennsylvania with another English firm. It is true that, though there is a surplus of American ships, not more than a third of our foreign commerce is carried on under the flag of the United States. It is true that English vessels handle more American freight than falls to the lot of American-owned bottoms. Allowing for the fact that the American merchant marine is largely of recent growth and therefore somewhat lacking in prestige and traditions of service, it still seems unlikely that this discrimination is explicable on the surface. "How are we to escape the conclusion," Senator Ransdell asks, "that the American merchant marine has powerful enemies at home working to destroy it?"

An investigation by the Shipping Board of the contracts instanced would be of more value to the merchant marine, at any rate, than a dozen speeches by Mr. Lasker.

## \*\*\*\*\*

## THE DANGER-HOLE.

(From the Memphis Commercial-Appeal.)

There really is a land upon this earth where means grow upon trees or swim in the waters, and are to be had for the taking; where men and women eat and drink what they like; where there is so little crime that they use policemen and mail carriers; where the relation between the sexes is so natural as to be idyllic; where one lives the administration "Judge not, ye be not judged"; where one does not steal the passion for color and beauty inherent in most of us; where one expresses his joys of life and satisfaction at merely being alive by wearing color and reveling in it; where there is more play in a day than comes to most of us in a lifetime; and where one actually regains some of the spirit of childhood.

Out of all this O'Brien has evolved an outlook upon life that we stunted and encumbered city dwellers will do well to ponder:

## WHERE YOUR TAX DOLLAR GOES.

Written for the POST-DISPATCH  
By Clark McAdams

## JUST A MINUTE . . .

## "MYSTIC ISLES OF THE SOUTH SEAS."

There really is a land upon this earth where means grow upon trees or swim in the waters, and are to be had for the taking; where men and women eat and drink what they like; where there is so little crime that they use policemen and mail carriers; where the relation between the sexes is so natural as to be idyllic; where one lives the administration "Judge not, ye be not judged"; where one does not steal the passion for color and beauty inherent in most of us; where one expresses his joys of life and satisfaction at merely being alive by wearing color and reveling in it; where there is more play in a day than comes to most of us in a lifetime; and where one actually regains some of the spirit of childhood.

Out of all this O'Brien has evolved an outlook upon life that we stunted and encumbered city dwellers will do well to ponder:

"I leaned on the side of the canoe or on my spears and laughed at the fools of cities, and myself, who had been a fool among them, for most of my life."

One can say of the book, for one feels it. "This is truth."

F. E. VOELKER.

And now, here is a sign which Frueh, the car-culturist, collected for us in Washington the other day:

4½ Street

• • •

In Tenpin Terms.

Our clever bowling partner thus sums it up, to wit:

It looks as if 'twould be a "strike."

But it proved to be a "split."

• • •

An Ornithological Purist.

Publisher: In your story, I notice you make the owl hoot "To whom" instead of "To whom."

Author: Yes, this is a Boston owl.

Brought Down the House.

"Samson had the right idea of advertising," writes R. B. W. "He took a couple of columns and soon had everything coming his way."

• • •

"At the lower end of the mats the bachelors sat • • • and merriment had its home there. After the first onslaught the vintages of Bordeaux and of the Rhine and the brews of Munich and Milwaukee shared attention with the viands."

Mounting such a feast as this must bring color to the palest prohibitionist or the most insistent dyerite.

Then, too, there was great play with the wondrous forms and colors of the South Sea reefs, when O'Brien says, one cannot but revert to childhood. Of these playthings he writes:

"I brought with me a lunette, the diver's aid, a four-sided wooden frame 15 inches each way, with a bottom of glass and no top. I stuck my head in the box and looked through the glass, which I thrust below the surface, thus evading the opaqueness or distortion caused by the ripples. • • • One must be a child again to see all of it; the magic shapes, the haunting tints, the fairy forms. The gardener who had directed the growth of the aquarium believed in kelpies, undines and mermaids, and had made for them the superbest playground conceivable even by sprites."

"Rest ye in peace, ye Flanders dead. The fight that ye so bravely led We've taken up. And we will keep True faith with you who lie asleep With each a cross to mark his bed, And poppies blowing overhead.

Where once his own life blood ran red. So let your rest be sweet and deep.

In Flanders fields.

Fear not that ye have died for naught. The torch ye threw to us we caught.

Ten million hands will hold it high.

And Freedom's light shall never die—

We've learned the lesson that ye taught

In Flanders fields.

R. B. W.

## The MIRROR OF PUBLIC OPINION

## KANSAS CITY MAY DROP PLANS FOR ITS OWN SYMPHONY

St. Louis Orchestra Astonishes Sister Metropolis With Brilliantly Artistic Evening Concert.

### DIRECTOR GANZ WINS OVATION AND FLOWERS

Audience of 2500 at Convention Hall Hears Program of Works by Tchaikovsky, Wagner, Bizet and Strauss.

By RICHARD L. STOKES.

KANSAS CITY, Mo., Nov. 19.—Following the concert given last night at Convention Hall by the St. Louis Symphony Orchestra—its most brilliant and artistic effort within memory—and in consequence also of cordial fraternizing among representative men of both cities at a luncheon given yesterday by the Kansas City Advertising Club, the indications seem to point strongly to the following probabilities:

That, for the present, Kansas City will permit quietly to fall into abeyance its agitation for an orchestra of its own.

That, at least as long as Rudolph Ganz is director, his conduct has three years to run. The St. Louis Symphony Orchestra will continue to seek Kansas City music lovers under conditions similar to the agreement for the present season.

No one with authority will or can sponsor these announcements at so early a stage in the proceedings. They are merely deductions drawn from two facts. The first is a genuine conviction in Kansas City that the St. Louis organization is an admirable model of musicians, under a leader destined in no long time to rank with the best directors of the country. The second is a realization that it would take many years and cost hundreds of thousands of dollars to build up an orchestra which could in any way compare with that already placed at Kansas City's disposal by St. Louis.

Extra Matinees Considered.

The orchestra's first visit to the sister city proved no less than a triumphal progress. After the concert Thursday afternoon, which was attended by 3000 school children, Kansas City declared that it could have assembled twice as many youngsters, and began talking of four extra children matinees, to be given Saturday or the week when the symphony orchestra is here.

It was admitted on all sides that the acoustics of Convention Hall are not ideal; they are, in fact, inferior to those of the Odeon in St. Louis, though much superior to those of the Coliseum. Therefore, Kansas City began also claiming to itself on the necessity of building a music hall. And they do say that in this impetuous municipality thinking of a thing is only one step from resolving to do it, and that a resolution to act is only a step from the action itself.

Thursday's matinee gave merely a savor of the orchestra's quality; last night's concert brought a feast so bounteous as to stifle even the St. Louisans who accompanied the party. Say for what you will, the program was the same as that presented last week at the Friday and Saturday concerts in St. Louis. But Director Ganz again proved that he travels from concert to concert with seven-league boots.

Surpasses Home Performance.

The principal offering at the St. Louis concerts of the preceding week and of the Kansas City concert last night was Tchaikovsky's Fifth Symphony. The work scarcely seemed the same. Utterly vanquished were the overwrought climaxes complained of at home; the brasses and drums were now a rich and mellow power of sound. The single second movement had taken on in the interval a heart-searching potency. From beginning to end the work was thronged with shadings, with those incessantly undulating accents and declivities of volume, pace and inflection which can make music so entrancing a thoroughfare.

What is one of the chief factors in the transformation which Director Ganz is working with such spectacular swiftness in his orchestra? It lies in his genius for interpretation in others' music. He has opened a vein for a great quantity of skill, confidence and pride which lay repressed in the orchestra, and it is bursting forth with almost volcanic energy.

Throughout the symphony, it was clear that every performer, from the kettledrummer to the youngest second violin, from concertmaster to fifth French horn, regarded himself as a virtuoso and a soloist. The tiniest phrase, the most obscure snatches of melody, was to be cut and polished to perfection, on every facet. The art of the goldsmith and jeweler refined many and many a passage in the work.

Waggish Franks of Till. The other works repeated were Fleet's dramatic overture, "Patria," which won a great success, and Wagner's preludes to "The Mastersingers of Nuremberg" and "Lohengrin"—the latter scarcely attaining, for some reason, the spiritual ecstasy of its performance in St. Louis. The over new to the director's baton was Richard Strauss' famous rondo, "Till Eulenspiegel's Merry Pranks," which is to be played at the regular con-

MAIL ROBBER CAUGHT BY CLERK IN HOLDUP

### INDICTMENT OF ROY GARDNER FOR ROBBERY TO BE SOUGHT

Trial on New Charge Asked for Mail Clerk Who Captured Him May Get Reward.

By the Associated Press.

TUCSON, Ariz., Nov. 19.—Indictment of Roy Gardner, train robber, on a charge of attempting to hold up a railway mail clerk, will be asked of the Federal grand jury in Phoenix on Tuesday, Nov. 22, according to announcement yesterday by C. R. McFall, clerk of the United States District Court here.

Gardner was captured at Phoenix Tuesday night when he was overpowered by Herman Inderleder, railway mail clerk, as he attempted to rob the car. He is already under sentence for train robbery at McNeil Island, Wash., from which since he escaped some months ago, but his trial under the new charge was ordered so that Inderleder might be entitled to the \$5000 reward offered for capture of postal bandits.

Yesterday's announcement discloses of the report that the trial might be held in Tucson, Judge William H. Sawtelle remitting the grand jury, dismissed temporarily some time ago, for the purpose of hearing Gardner's case.

### 11 PERSONS KILLED BY WINDSTORM IN ARKANSAS

Eight in One Family Die in Disturbance in Sparsely Settled Area Near Oklahoma Line.

By the Associated Press.

LITTLE ROCK, Ark., Nov. 19.—A wind storm, causing life loss, swept Arkansas near the Oklahoma State line yesterday.

The greatest number of fatalities occurred at Wicks, south of Fort Smith, where eight members of one family were killed when the home in which they lived collapsed. Two others were killed near Graysonia, and another died at Lonsdale. Graysonia is in Clark County, which Arkansas is the county seat, and Lonsdale is in Hot Spring County, south of Little Rock.

The wind was accompanied by a torrential rain and electric storm. In the districts struck by the storms trees were uprooted and the few buildings in the paths of the storm were destroyed. The sections affected were in heavily wooded and sparsely settled parts of the State and the property loss will not be great.

This is the first time in the history of the industry that a wage reduction has been arrived at in such a manner.

All of the big five except Morris & Co. last spring inaugurated the "plant congress" system of employee participation in the management of the industry.

The question was put to a vote and the following reductions, effective in all plants except that at Fort Worth, were adopted:

For piece workers, 8 per cent.

Unskilled labor, getting 45 cents an hour or less, 7½ cents.

Semi-skilled labor, getting 45 and 50 cents an hour, 5 cents.

Skilled labor, getting over 50 cents an hour, 3 cents.

A minimum wage of 25 cents an hour for adult female labor is provided.

These reductions apply to plants in Chicago, St. Paul, Sioux City, Omaha, St. Joseph, Kansas City, St. Louis and Denver.

The reductions at Fort Worth, where wages are gauged by local labor conditions, are:

Unskilled labor, receiving less than 42½ cents an hour, 7½ cents.

Semi-skilled labor, receiving from 42½ to 47½ cents an hour, 5 cents.

Skilled labor, receiving more than 47½ cents an hour, 3 cents.

ADVERTISEMENT.

## WORKERS IN MANY PACKING PLANTS ACCEPT WAGE CUT

Reduction Fixed by Their Own Committee Satisfactory to 40,000 Employees in the Chicago Stockyards.

By the Associated Press.

CHICAGO, Nov. 19.—Stockyards workers in plants of the "Big Five" packers throughout the Middle West today were making their decision upon the wage cut fixed by the Armour, Swift and Wilson employers themselves, after inspection of their employer's books. The cut is 8 per cent for piece workers, who comprise about half the employees, and from 3 to 7½ per cent an hour for others.

Representatives of 40,000 employees adopted the wage cut yesterday, and it is believed that within the next few days 125,000 employees in the industry will have agreed to the new scale. No change in the overtime or eight hour day arrangements was made. The cut goes into effect Nov. 23.

The initial step toward the reduction, taken by representatives of all the Armour plants, came after five hours of deliberation by the "shop representation" committee of employees. A. S. Triplett of St. Joseph, Mo., chairman of the employees, was cheered when he read the report fixing the wage cut.

"A wage cut had to be made and we made it," he said. "We saved the cardinal principles for the men, however."

Representatives of the Butcher Workmen's Union at Omaha were uncertain whether members of that craft there would agree to the reduction. Their union officials are now in conference over a new working agreement.

Vote of Wilson Employees.

Several thousand local employees of Swift & Co. followed the Armour action with a vote in favor of the reduction and employees of Wilson & Co. here voted to accept a reduction and are to meet today to fix the amount.

This is the first time in the history of the industry that a wage reduction has been arrived at in such a manner.

All of the big five except Morris & Co. last spring inaugurated the "plant congress" system of employee participation in the management of the industry.

The question was put to a vote and the following reductions, effective in all plants except that at Fort Worth, were adopted:

For piece workers, 8 per cent.

Unskilled labor, getting 45 cents an hour or less, 7½ cents.

Semi-skilled labor, getting 45 and 50 cents an hour, 5 cents.

## HUSBAND SLASHES MAN FOR TALKING WITH HIS WIFE

D. L. Baker Follows Mrs. Baker From St. Charles and Attacks James Buschmann.

D. L. Baker, 40 years old, of St. Charles, a former Deputy Sheriff there, cut James Buschmann, 26, a barber, of 4322 Manchester avenue, twice in the left shoulder and across the left cheek yesterday at 1 p. m. when Buschmann was conversing with his wife. Mrs. Olga M. Baker, 40, from whom he is separated, at the Hodson motor car tracks and Easton avenue.

Baker related to the police that he called at his wife's home and found her preparing to come to St. Louis. He asked her, he said, to stay at home with their five children, but she refused and boarded a street car. He took the next car, he said, with Buschmann also was a passenger. When Buschmann alighted, Baker said, he and Mrs. Baker began a conversation.

Mrs. Baker said that the meeting with Buschmann was by chance. Baker was arrested. His wife also was taken to the Page Boulevard Station. Buschmann was held prisoner at the city hospital.

Negro Shot and Burned by Mob.

HELENA, Ark., Nov. 19.—Conditions here today were quiet with preparations under way for an official investigation of the shooting to death last night by a mob of Will Turner, 18-year-old negro, charged with having attacked a 15-year-old white girl and the burning later of the negro's body in city square. This was the first lynching in this county in 30 years.

Following several speeches by ministers, laymen and labor leaders, in which sympathy for the trade union movement was expressed, the following resolution was adopted:

Whereas, Union labor in St. Louis, in its vicinity, is confronted with a fatuous but vicious campaign by the St. Louis Chamber of Commerce and the Employers and Manufacturers' Association, designed to exterminate the unions and abolish the union label and the union shop; and

Whereas, the experience of all time proves that only through organization of labor and collective bargaining can fair wages and living conditions be secured and maintained, with stability of business and prices; therefore, be it

Resolved, By the citizens of St. Louis in mass meeting here assembled, that we believe the open shop policy of the Chamber of Commerce to be opposed to the business and civic interests of the city, and to the moral and physical welfare of the people; and be it further

Resolved, That we will unitedly and steadfastly support the unions now being attacked and which may later be attacked, and we pledge ourselves to demand the union label on all things purchased or used by us.

Delegation From East Side.

In the crowd was a delegation from East St. Louis and the Tri-

## MASS MEETING PLEDGES TO FIGHT OPEN SHOP MOVE

SpeECHES in Sympathy With Trade Unionism Made by Ministers and Labor Leaders at Coliseum.

In spite of the downpour of last night a crowd that filled the arena of the Coliseum and eight sections of the east and west balconies attended the mass meetings of the Trade Union Educational League of Central Trades and Labor Union, to protest against the nation-wide so-called open shop movement against trades unionism.

The meeting last night followed several similar meetings held in wards and precincts since September, the purpose of the movement being to inform the public of the trades union viewpoint. The function of the league, Hauser said, is to promote between employe and employer the principles of collective bargaining, negotiation, arbitration and conciliation as the basis for consideration of all industrial disputes.

Moderation, with due consideration of all material elements in the protection of wealth of mankind and the power for unending growth, a life of service, and a search for more light.

Followed several speeches by ministers, laymen and labor leaders, in which sympathy for the trade union movement was expressed, the following resolution was adopted:

Whereas, Union labor in St. Louis, in its vicinity, is confronted with a fatuous but vicious campaign by the St. Louis Chamber of Commerce and the Employers and Manufacturers' Association, designed to exterminate the unions and abolish the union label and the union shop; and

Whereas, the experience of all time proves that only through organization of labor and collective bargaining can fair wages and living conditions be secured and maintained, with stability of business and prices; therefore, be it

Resolved, By the citizens of St. Louis in mass meeting here assembled, that we believe the open shop policy of the Chamber of Commerce to be opposed to the business and civic interests of the city, and to the moral and physical welfare of the people; and be it further

Resolved, That we will unitedly and steadfastly support the unions now being attacked and which may later be attacked, and we pledge ourselves to demand the union label on all things purchased or used by us.

Delegation From East Side.

In the crowd was a delegation from East St. Louis and the Tri-

Cities, which came through the rain with a band at its head. A concert was given by another band of 100 pieces, donated by the Musicians Union.

Percy Peepers of the Typographical Union, called the meeting to order and introduced Joseph Hauser, president of Central Trades and Labor Union, who presided. The speaker was the Rev. Dr. E. Combie Smith of the Maple Avenue M. E. Church; the Rev. Father F. H. Skar of the Church of the Blessed Sacrament, Rabbi Samuel Thurman of the United Hebrew Congregation, Wood F. Axton, a tobacco manufacturer, of Louisville, Ky.; John W. Hayes of Indianapolis, secretary-treasurer of the International Typographical Union, and Hauser.

The notes were negotiated in connection with the purchase of 1000 pounds of sugar by the Best-Off company. A suit on 12 notes varying in amount from \$11,857 to \$16,795 was filed yesterday by the Libby, McNeill and Libby Company, a New England banking house, against the defendant company. The total is \$27,598.

 Cunliff was requested to endeavor next week to induce banks to reduce the commission on loans which at present is 3 per cent, having been increased from 1 1/2 per cent during the war, and, further, to reduce interest rates, which were stated at the meeting to be 7 per cent in some instances, so that money can be had of reasonable rates in this market and finance approximately \$20,000,000 in projects being held up by high costs, as shown in a recent survey by the Post-Dispatch.

Only one building material dealer, Louis Skranks, a quarryman, attended the meeting, although several had been invited to come and discuss their prices. Skranks said the price of crushed rock had declined from 12 to 8 cents a cubic foot and that further reductions could be expected if there was a volume of business large enough to justify it. He promised that his prices would not be increased for at least a year.

**Lower Brick Prices Promised.**

The committee was informed by letters from the Hydraulically Pressed Brick Co. and the Continental Brick Co. that a large volume of business, such as the \$14,250,000 program that has been promised to Cunliff in the event of lower costs, would automatically reduce brick prices.

The Missouri Portland Cement Co. noted that cement, sand and gravel prices would not be raised for five months, and that reductions of 5 to 10 per cent could be expected from a large volume of production in the first months of 1922.

The Building Trades Council Committee is uncertain whether it has authority to recommend specific wage reductions, and is to decide this point before next Friday. Whether the committee has the authority or not, it was said, the various unions composing the building trades will have to vote on any proposal to reduce wages. Such a vote would be taken within 30 days.

The contractors submitted a chart showing building costs, beginning with 1913 and taking that year as 100 per cent. This was given to Cunliff for his information.

## TEAMS TO BE HAD AT \$6 A DAY, NOLTE PROVES

**Comptroller Advertises to Make His Point in Dispute With Aldermen.**

**After Comptroller Nolte, by a simple expedient, had demonstrated yesterday that the city could get more teams for \$6 a day, each, than**

**it could use, the Ways and Means Committee of the Board of Aldermen continued in its refusal to lower the rate from \$7 a day in the unemployment emergency bill.**

**Alderman Kuhs, chairman of the committee, and the only member to champion Nolte's \$6 proposal, took his colleagues severely to task at their meeting. "You have reduced the city's minimum wage for men from \$2.75 to \$2.50, and yet you refuse to reduce the pay to team owners to \$6 a day, and in response, was offered 73 teams at that**

**rate. Surely a man deserves as much consideration as a horse."**

**Advertisement Answered.**  
 With 30 teams the city can put 200 unemployed to work. Comptroller Nolte has contended since the bill was drawn that \$6 a day was enough for teams. Members of the committee insisted that team could not be got for that price. Yesterday Nolte advertised in the newspapers for teams at \$6 a day, and in response, was offered 73 teams at that

**rate. Alderman Hirth in favor of keeping the rate at \$7 were Aldermen Lohmann, Ninth Ward; Scholl, Second; Melssinger, Tenth; Bergmann, Eighteenth, and Studt, Twenty-first.**

**Siding with Alderman Hirth in favor of keeping the rate at \$7 were Aldermen Lohmann, Ninth Ward; Scholl, Second; Melssinger, Tenth; Bergmann, Eighteenth, and Studt, Twenty-first.**

**That doesn't make any difference; maybe they're not the right kind of teams," he replied. "He is a team owner himself, it was learned.**

**The fact is, as Comptroller Nolte and Alderman Kuhs pointed out,**

**that the teams are to be used in a cleanup campaign, and are not re-**

**quired for heavy hauling. Any average team will be adequate.**

**Siding with Alderman Hirth in favor of keeping the rate at \$7 were Aldermen Lohmann, Ninth Ward; Scholl, Second; Melssinger, Tenth; Bergmann, Eighteenth, and Studt, Twenty-first.**

**Their anxiety in behalf of the \$7**

**rate caused them, after the meeting, to go to the City Counselor's office to find out if they were entitled to send the bill back to the Board of Estimate and Apportionment, where Comptroller Nolte would have another chance at it. # Judging by That Six-Round Knockout of Sailor Jerabek, Ora Must Be the Dean of Local Boxers

## ILLINOIS ELEVEN GETS TOUCHDOWN IN SECOND PERIOD

Unbeaten Ohio State Team Trails, 7-0, at End of First Half.

COLUMBUS, O., Nov. 19.—Illinois and Ohio State played their annual football game on Ohio field today in a sea of mud. Despite efforts of ground keepers to dry the field, heavy rains of last night and this morning left large pools of water. Approximately 20,000 fans braved the damp atmosphere and the wet seats to witness the contest.

### FIRST PERIOD.

Pixley kicked off for Ohio State. Pixley kicked off for Ohio State 50 yards to the end zone. He was downed on the 19-yard line. After making 15 yards, Illinois punted to its 40-yard line. Using a new shift, Ohio worked the ball to Illinois' 19-yard line, where Taylor failed by inches to make fourth down. The quarter ended with the ball on Illinois' 40-yard line. Score: Ohio State, 0; Illinois, 0.

### SECOND PERIOD.

Isabel, making most gains for Ohio State, made 15 yards through right tackle, placing the ball on Illinois' 24-yard line. Illinois' right recovered the ball on its 12-yard line and a punt by Peden gave the ball to Ohio on Illinois' 31-yard line. An exchange of punts placed the ball on Ohio's 27-yard line. Ohio again was forced to punt. Crangle made consistent gains. A forward pass, Peden to Walquist, netted Illinois a touchdown. Walquist running 20 yards. Sabo kicked goal.

Score: Illinois, 7; Ohio State, 0.

### CHARTS OF WASHINGTON PLAYS USED IN "SKULL" PRACTICE BY BILLIKENS

The downpour of yesterday prevented the St. Louis University football team from indulging in their daily scrimmage with the freshmen. The afternoon was devoted entirely to "skull" practice. O'Rourke worked hard at the blackboard, explaining the Washington University Pikers plays to his huskies. The little coach also explained and formulated the various successful defenses for each formation.

It is evident that the Billikens mentor has had the Pikers closely covered throughout the season. The Blue and White boss handled charts and diagrams of the Pikers' strategies against Gonzaga, Army, Missouri and Tulane and detailed the individual strength and weakness of each individual of the Piker squad. Every Billiken is being tutored on what to expect from his "skulls."

Matheron Has an Absence.

A bit of bad news drifted into the Blue and White clubhouse last night. Matheron, the star end, who played wonderful football against Missouri, was warned by his medical adviser that to play Turkey day would be perilous due to a large abscess which developed in "Matty's" ear 10 days ago. Matty is very anxious to enter the game, and if O'Rourke permits will disregard the M. D. D. The coach will have Roche, Lewis and Baumann to pick from in case Matheron does not enter the tilt.

### MCKENDREE TEAM TO PLAY SHURTLEFF TODAY

LEBANON, Ill., Nov. 19.—The entire student body of McKendree College will accompany the football team to Alton today for the game with Shurtleff for the intercollegiate championship of Southern Illinois. This is the first time in 10 years that McKendree has had a chance at the title.

McKendree defeated Southern Illinois, Normal, 20 to 0, the first of the season. The following week Blackwell College, which in the past few years has defeated everything in Southern Illinois, star quarterback, who was on the hospital list, and several other regulars, were 0 to 0. A protest of this game is being considered by the governing board.

On comparative scores, McKendree is destined to win today's game by a slight margin. Shurtleff was hard put to it to beat McKendree 6 to 6. Blakewell was humbled by McKendree 46 to 0, lost to Shurtleff, 10 to 0.

McKendree, because of the great work done all season by Adams at fullback, Bayre at half, Carvel at center, and Lisenby at guard, is counting on being represented on the all-star Southern Illinois team.

### SPENCER SECOND HIGH IN TRAPSHTOOT EVENT

KANSAS CITY, Mo., Nov. 19.—Visitors from afar fared rather well in the Missouri Normal 50-target handball event of the concluding program of the annual fall training carnival here yesterday, although first honors went to shooters from Kansas and Kansas City. Four targets for first place with scores of 45 each. To Sam Sharman of Salt Lake City, who placed in the "men's" division in third place with 44, and "Chief" Wheeler of Pawhuska, Okla., fourth with 42.

The outside visitors carried off the high honors in the target race. Blair replaced Sturm for Yale. Hartley replaced Crocker for Harvard. Jordan made five yards and then a forward pass by Aldrich was intercepted by Chapin of Harvard, who ran the ball about half the length of the field to Yale's 24-yard line. Capt. Aldrich prevented Chapin from making a touchdown by getting one hand around his neck and flinging him out of bound.

Owen then circled Blair and crossed Yale's goal line, but a touchdown was not permitted because Harvard was holding. The Crimson was penalized 15 yards and the ball was back to Yale's 35-yard line.

A forward pass by Owen was intercepted by Aldrich and Yale put the ball in play at its own 26-yard line.

### SWATEK, OKLAHOMA STAR, AGAIN ON HOSPITAL LIST

NORMAN, Ok., Nov. 19.—"Swatek, veteran Sooner fullback and All-Missouri Valley Conference fullback of last season, is lost to Oklahoma for the rest of the season, according to Dr. Gaynor Kilson, the Sooner's physician. Swatek was injured early in the season and has played in but two games, Kansas and Missouri, since. His left shoulder was again injured at Columbia, and he suffered an additional knee sprain, which has now prevented him from working the work.

This is Swatek's last year in football. Swatek did not accompany the Oklahomans to Manhattan, Kan., where the Soonears play today.

Billmeyer—Three jockeys are in the hospital, one horse is dead, and three injured, following a spill in the fifth race at Bowie.

Continued From Page One.

to kick a goal from placement. Two Yale plays failed to gain and Aldrich punted to Harvard's 45-yard line.

One Crimson forwardpass was incomplete and a line plunge was stopped, so Fitts punted.

Chapin replaced Coburn as fullback for Harvard. Jordan circled end for a 15-yard gain. Three more Yale plays were smeared, and O'Hearn punted to Buell on Harvard's 24-yard line.

After Owen had made first downs Jordan intercepted Buell's forward pass at midfield.

Three Yale plays failed to gain and O'Hearn punted a drop kick from his own 45-yard line. It failed. Harvard made a gain of four yards and the second period ended. Yale 3, Harvard 0.

At the opening of the third period Cross replaced Guernsey at guard for Yale. Aldrich of Yale kicked off to Harvard's 10-yard line and Owen ran the ball back 15 yards. Fitts punted to Yale's 35-yard line. Two plays failed and O'Hearn punted against the wind to Harvard's 49-yard line.

A forward pass from Fitts to Chapin gained nine yards and then Owen made it first down on Yale's 47-yard line. Harvard failed to gain and punted to Yale's 17-yard line.

In five plays Yale earned two first downs and put the ball on its own 40-yard line.

After one short end run by Aldrich, Jordan in two line smashes put the ball 4 yards from Harvard's goal.

**Harvard Captain Hurt.** After Jordan had smashed his way through the Crimson lines for nine yards more, Capt. Kane of Harvard was hit and Ladd replaced him. A short plunge by Mallory and an off-side penalty imposed on Harvard gave Yale a first down on the Crimson 28-yard line.

Three plays, including a forward pass, gained only two yards for Yale and O'Hearn failed in an attempt to kick a drop from the 30-yard line. Harvard put the ball in play on its own 20-yard line.

After Owen had gained five yards, he circled the ball to Yale's 10-yard line and O'Hearn returned the ball three yards. Jordan made a gain of three yards and Cross was carried off the field injured. He was replaced by Herr.

Aldrich made a 20-yard run that gave Yale a first down on Harvard's 40-yard line. Then Owen intercepted a Yale forward pass at Harvard's 30-yard line.

Fitts punted to Yale's 14-yard line and O'Hearn ran the ball back seven yards. Yale was penalized 15 yards for holding and after a 15-yard gain, by O'Hearn, Aldrich punted to Buell on Yale's 49-yard line. Buell ran the ball back to Yale's 12-yard line. Fitts punted to Yale's 17-yard line. After Owen had gained five yards, he circled the ball to Yale's 10-yard line. Then Owen intercepted a Yale forward pass at Harvard's 30-yard line.

Three plays, including a forward pass, gained only two yards for Yale and O'Hearn failed in an attempt to kick a drop from the 30-yard line. Harvard put the ball in play on its own 20-yard line.

After Owen had gained five yards, he circled the ball to Yale's 10-yard line and O'Hearn returned the ball three yards. Jordan made a gain of three yards and Cross was carried off the field injured. He was replaced by Herr.

Aldrich made a 20-yard run that gave Yale a first down on Harvard's 40-yard line. Then Owen intercepted a Yale forward pass at Harvard's 30-yard line.

Fitts punted to Yale's 14-yard line and O'Hearn ran the ball back seven yards. Yale was penalized 15 yards for holding and after a 15-yard gain, by O'Hearn, Aldrich punted to Buell on Yale's 49-yard line. Buell ran the ball back to Yale's 12-yard line. Fitts punted to Yale's 17-yard line. After Owen had gained five yards, he circled the ball to Yale's 10-yard line. Then Owen intercepted a Yale forward pass at Harvard's 30-yard line.

Three plays, including a forward pass, gained only two yards for Yale and O'Hearn failed in an attempt to kick a drop from the 30-yard line. Harvard put the ball in play on its own 20-yard line.

After one short end run by Aldrich, Jordan in two line smashes put the ball 4 yards from Harvard's goal.

**Ora Dean Stops Sailor Jerabek**

**Knockout Comes in Sixth Round, After Dean Had Displayed the Better Science.**

The "come-back" of Sailor Charles Jerabek, welterweight boxer of St. Louis, was suddenly checked last night at the South Broadway Athletic Club, with Ora Dean of Staunton, Ill., furnishing the obstacle—and the kick.

After outboxing Jerabek, he knocked him down with a left haymaker in the early part of the sixth.

The wallop bounded off Jerabek's "glass jaw" with a thud, sending the Sailor so that he did not take a count, but arose at once. He was knocked down again, this time for the count. It was a well-fought contest, and the finish was rather unexpected, as, of the two boys, Jerabek was supposed to have the better wallop. Jerabek won by a knockout punch from Dean in a previous engagement. Dean showed great improvement.

Bud Purcell of Terre Haute was too scientific and too experienced for Grub Whalen and outpointed him in 10 rounds. Grub took a lot of punching like the game boy he is.

Mike Kramer of St. Louis won from George Teague of Terre Haute, and displayed the better skill in winning. Kramer showed that he is improving with each bout. After being outpointed for four rounds, the visitor complained that he was injured. An examination revealed a dislocation of a bone in the thumb, and the bout was stopped. Teague fought aggressively, but was no match for his opponent in skill.

**SPENCER SECOND HIGH IN TRAPSHTOOT EVENT**

KANSAS CITY, Mo., Nov. 19.—Visitors from afar fared rather well in the Missouri Normal 50-target handball event of the concluding program of the annual fall training carnival here yesterday, although first honors went to shooters from Kansas and Kansas City. Four targets for first place with scores of 45 each. To Sam Sharman of Salt Lake City, who placed in the "men's" division in third place with 44, and "Chief" Wheeler of Pawhuska, Okla., fourth with 42.

The outside visitors carried off the high honors in the target race. Blair replaced Sturm for Yale. Hartley replaced Crocker for Harvard. Jordan made five yards and then a forward pass by Aldrich was intercepted by Chapin of Harvard, who ran the ball about half the length of the field to Yale's 24-yard line.

Capt. Aldrich prevented Chapin from making a touchdown by getting one hand around his neck and flinging him out of bound.

Owen then circled Blair and crossed Yale's goal line, but a touchdown was not permitted because Harvard was holding. The Crimson was penalized 15 yards and the ball was back to Yale's 35-yard line.

A forward pass by Owen was intercepted by Aldrich and Yale put the ball in play at its own 26-yard line.

Blair replaced Hulman and Dever replaced Sturm for Yale. Hartley replaced Crocker for Harvard.

Jordan made five yards and then a forward pass by Aldrich was intercepted by Chapin of Harvard, who ran the ball about half the length of the field to Yale's 24-yard line.

Capt. Aldrich prevented Chapin from making a touchdown by getting one hand around his neck and flinging him out of bound.

Owen then circled Blair and crossed Yale's goal line, but a touchdown was not permitted because Harvard was holding. The Crimson was penalized 15 yards and the ball was back to Yale's 35-yard line.

A forward pass by Owen was intercepted by Aldrich and Yale put the ball in play at its own 26-yard line.

Blair replaced Hulman for Yale. Chapin and Owen in two plays made it first down on the 20-yard line.

Milner replaced Aldrich at tackle for Yale. Owen kicked a field goal from Yale's 20-yard line after two line passes had failed to gain. This made the score Harvard 10, Yale 2.

Spinden replaced Mallory for Yale.

Chapin and Owen in two plays made it first down on the 20-yard line.

## FORD NEGOTIATIONS FOR NITRATE PLANT HALTED

Manufacturer Called to New York Suddenly—Offer to Be Considered Later.

By the Associated Press.  
WASHINGTON, Nov. 19.—Negotiations between Government officials and Henry Ford on the latter's office for purchase and lease of the Muscle Shoals (Ala.) nitrate and water-power projects were to be suddenly halted today. Officials said the offer would be considered in conferences to be held later, but the date for the conference has not been definitely fixed.

Ford left Washington in his private car early today for New York, where, he explained, important business awaited him and made it imperative for him to be there today. His departure came unexpectedly, as it had been officially announced following the conference yesterday with Secretary Hoover and Major-General Beach, chief of army engineers, that he would remain in Washington for further conferences to be held today.

## NEW MARKETS FOR AMERICAN HARDWOOD TIMBER REPORTED

Grand Impetus Given Furniture Business in South American Countries by World War.

By the Associated Press.  
WASHINGTON, Nov. 19.—American producers of hardwood timber have an excellent opportunity now to extend their foreign sales, the Commerce Department said today in a statement. The most promising fields, it was said, were in certain export markets which might be considered "pioneer" in such countries as Argentina, Chile, Uruguay, Mexico and British South Africa.

Great impetus was given furniture industry of Argentina by the world war, the department asserted, while oak has been growing in popularity in South American countries, which together with other North American hardwoods, the department maintained, could be still further popularized by judicious exploitation.

## WORTHCLIFFE FOR U. S. ALLIANCE

Scored Britain's Far Eastern Policy and Anglo-Japanese Pact.

PEKIN, Nov. 19.—Lord Worthcliff yesterday delivered an address before the Anglo-American Association in which he caustically scored Great Britain's Far Eastern policy. He denounced the Anglo-Japanese Alliance and spoke in favor of an effective entente between the United States and Great Britain.

## A Great Victory 25 Per Cent Increase in Milk Consumption in Four Days

That is what the farmers' marketing company started out to accomplish by enabling all dealers—and forcing the milk monopoly—to sell at 10 cents a quart. Our object is quickly to increase consumption 100 per cent.

The 10-cent price is not temporary, as the monopoly wishes you to believe. As long as the public shows appreciation by supporting the farmers' market and using more of the best milk—by buying from our dealers listed below—the law of supply and demand will absolutely govern prices and prevent artificial control, as formerly.

Elimination of waste, utilization of all milk produced, means economy in marketing. That is what the farmers' marketing company was organized for.

Nearly all milk produced within 50 miles of St. Louis, and 90 per cent of the milk less than 24 hours old is sold by our dealers. Every pound of our milk is of the highest quality and conforms to U. S. Government regulations and St. Louis ordinances with respect to purity, butter fat and sanitary conditions of production.

Smash the milk trust by buying from these dealers or grocers supplied by them:

## DECREASE IN EMPLOYMENT IN IRON AND STEEL INDUSTRY

Eight of 14 Representative Industries Show Increases Over October Last Year.

By the Associated Press.  
WASHINGTON, Nov. 19.—The iron and steel industry has reported a decrease of 37.8 per cent in the number of workers employed in October as compared with the same month last year, the Department of Labor announced today in a summary of the employment situation based on the returns of 14 representative industries. Eight of these reported increases, the largest being the woolen

industry, which employed last month 52.5 per cent more than in October, 1920.

Six of the 14 industries reported increased pay rolls, as compared with the same period last year. The iron and steel industry showed a decrease of 67.8 per cent from October, 1920.

## ILLEGAL PICKETING PROHIBITED

A temporary injunction was issued yesterday by Federal Judge Paris against the Amalgamated Sheet Metal Workers' Union, Local 1003, to restrain them from illegal picketing of the plant of the National Enameling and Stamping Co., at Second and

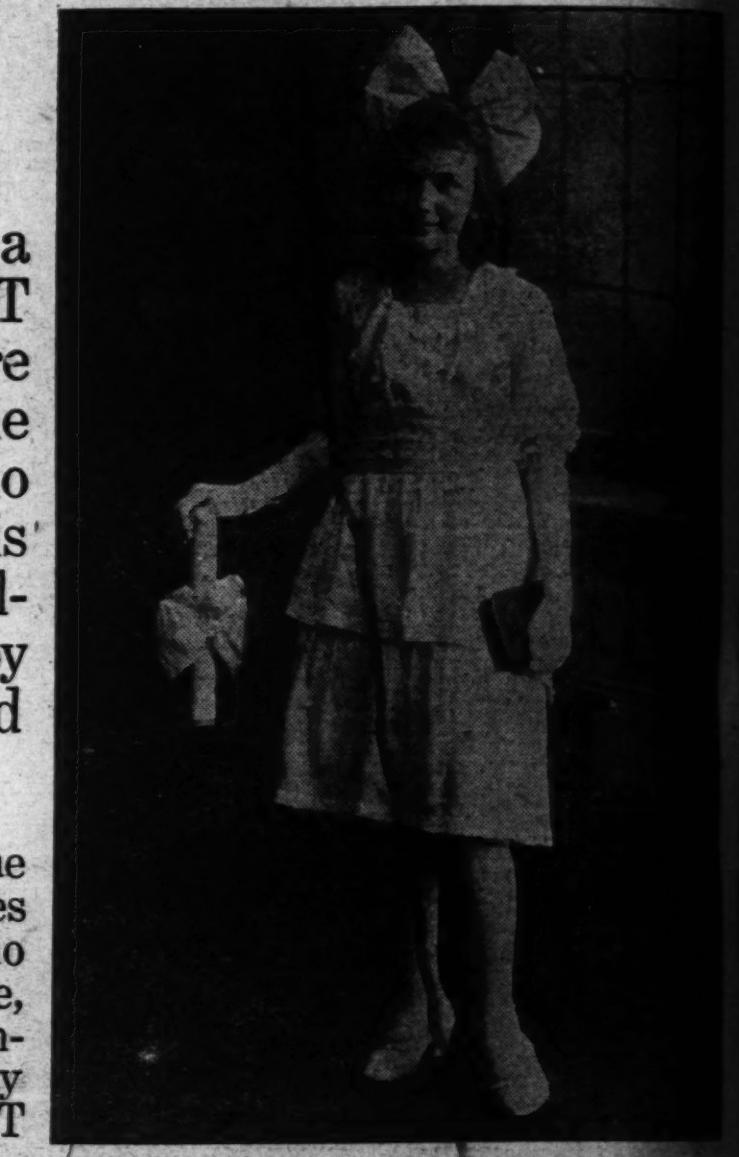

Deshenne streets. The walkout of union employees of the company, followed by their picketing of the plant, occurred early last September, after the company had declined to renew a closed shop contract. Officials of the company testified the selling price of their product has been reduced 50 per cent since last year.

# Alluring Lionel Offer Attracts Two Bright Girls

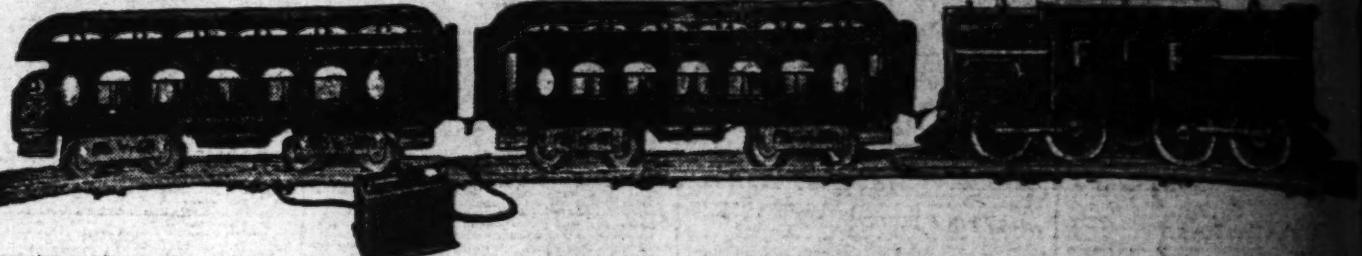

Although the offer of a FREE LIONEL OUTFIT is addressed to boys, there is no rule prohibiting the enrollment of girls, who realize the charm of this masterpiece juvenile railroad—whether operated by themselves or presented to a boy relative.

You girls who read of the achievements of the Misses Tucker and Picker, and who want to follow their example, are invited to send in your Enrollment Blanks. You, too, may earn a FREE LIONEL OUTFIT—and thus save \$52.25.

Wilma Picker, Worden, Ill.

## A Thousand of These Sets FREE to Hustling Boys

The outfit includes Locomotive, Pullman Car, Observation Car, 16 feet of track in 12 sections—straight and curved—and a transformer that supplies the electric current from an ordinary electric light socket, in just the right voltage for safe, low cost operation. (Dry cell batteries may be used if preferred.)

The locomotive has two sets of drive wheels, each 2½ inches in diameter, connected in pairs and driven by separate motors.

The train length is 48½ inches. It is 4 inches wide and 6 inches high. The entire outfit weighs 22½ pounds.

Unusually attractive in finish and sturdy in construction, it is truly a masterpiece among electric toy railroads.

Sample outfits are on display in the window of the Canard Line offices, 1135 Olive St., and in the Scruggs-Vervoorst-Barnley Toy Dept. Actual Retail Value is \$52.25!

With our distribution limited to 1000 sets, every boy eligible to enroll under our plan should start today to earn a LIONEL ELECTRIC.

**Offer will be withdrawn not later than Dec. 24th, 1921—earlier if a thousand sets have been distributed before that date.**

## THESE REQUIREMENTS GOVERN

### ALL AWARDS—READ CAREFULLY

15 subscriptions are required—each for 6 months. No extra credit for yearly subscriptions.

New subscriptions are required—from persons not now reading the Daily POST-DISPATCH, whether purchased from newsboy or news dealer, or delivered by carrier.

Daily subscriptions are required. No credit allowed for Sunday POST-DISPATCH subscriptions. A Sunday POST-DISPATCH reader who has not been reading the Daily POST-DISPATCH may subscribe through you under this plan.

**Verified** subscriptions are required. We investigate the validity of the order and the subscriber's responsibility. All orders are received subject to acceptance by the POST-DISPATCH.

**Home-Delivered** subscriptions are required. Business district readers are better served by newsboys and cannot be included under the terms of this offer. This makes necessary a definitely restricted area, and orders will not be accepted for delivery within the district bounded

ON THE NORTH BY CASS AV.  
ON THE SOUTH BY CHOUTEAU AV.  
ON THE WEST BY GRAND AV.  
ON THE EAST BY THE MISSISSIPPI RIVER.

## ENROLL TODAY—THIS BLANK IS FOR YOU

Offer is open only to boys who are not identified with the post or distribution of the POST-DISPATCH, and who reside within Louis' carrier delivery limits, including East St. Louis, Bellwood, Granite City, Venice and Madison in Illinois, and Kirkwood, Webster Groves, Florissant, Valley Park and Maplewood in Mo.

## ENROLLMENT BLANK

POST-DISPATCH Circulation Dept.: Send instructions for getting a \$52.25 Lionel Electric Train Outfit without paying or collecting any money.

I promise to abide by the requirements of your offer.

I understand, fully, that all orders are subject to your acceptance.

I will not tender orders from persons who now read the daily POST-DISPATCH—whether purchased from a newsboy, newsstand, or carrier.

I am not identified in any way with the sale or distribution of the POST-DISPATCH.

## MORE TRUTH THAN POETRY

By James J. Montague.

## IGNORANCE.

I have heard men sing of the roll and swing  
Of a ship on a rocking sea,  
And the gleam of foam in the dusky gloom  
And the whitecaps that lashed a lee.  
I have heard them chant of a deck a-salt  
And with scuppers awash with brine,  
When rain and hail and a tropical gale,  
Came thundering o'er the line.  
I have heard them praise in enraptured lays  
The breakers that romp and roar,  
But none of the lot had so much as got  
A mile and a half from shore.

I have heard the charm of the dear old farm  
Recessed in glowing song,  
That referred to plows and to cows that browse  
In the pleasure-lot all day long.  
The joy of toll on the upturned soil.  
And the glories of harvest time,  
I have heard rehearsed in many a soft rhyme.  
Men have sung no end of the sheep that wend  
Their way over hill and down,  
But none of the lot had so much as got  
A mile and a half from town.  
I could easily sing of the cheerful swing  
And a creak of a prison door,  
I might well recite of the soft delight  
Of walking a concrete floor.  
I could pen in terms of ecstatic verse  
The life in a stone-walled yard,  
I could write refrains about balls and chains  
With the rest of an earnest bard.  
I could fondly dwell on a narrow cell  
In the manner of Mr. Byron,  
For I never have yet been compelled to get  
My dinner through bars of iron.

## WONDER WHAT FATHER AND SON THINK OF EACH OTHER—By BRIGGS.

I DON'T CARE IF HE IS MY OWN SON  
I THINK HE'S A FINE LOOKING KID AND HE HAS A GOOD HEAD ON HIS SHOULDERS TOO

GEE DAD IS A WISE LOOKING OLD OWL--. I WISH I KNEW AS MUCH AS HE KNOWS --. WONDER WHY HE DOESN'T TALK TO ME MORE.

I OUGHT TO START A LITTLE CONVERSATION WITH HIM... I'LL BET WE COULD LEARN A LOT FROM EACH OTHER

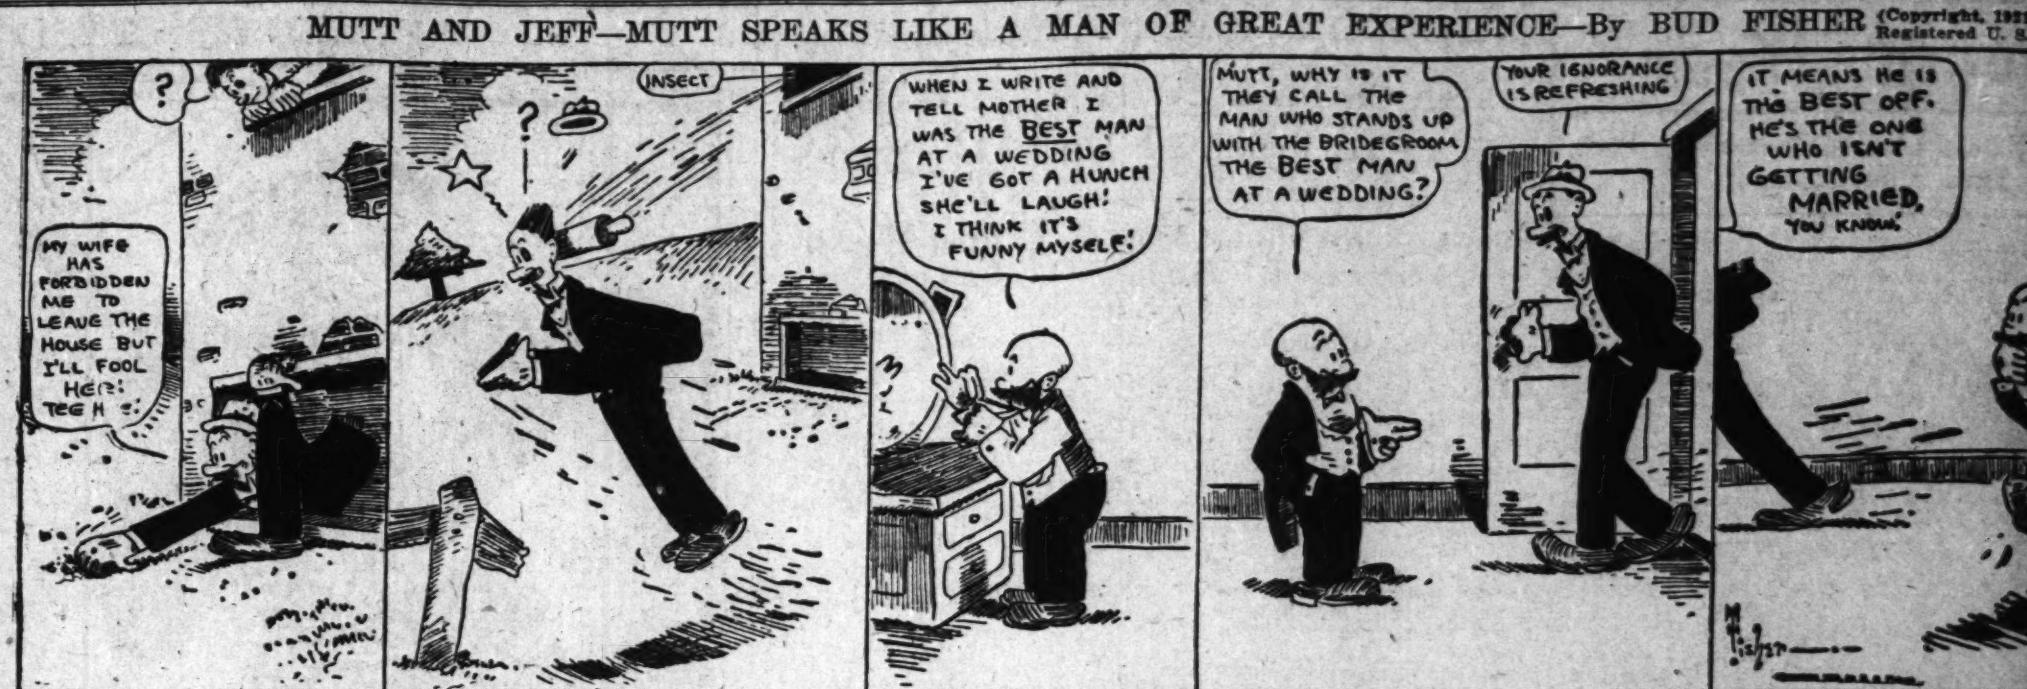

I COULD LEARN A LOT FROM DAD IF HE'D ONLY LET ME INTERRUPT HIM... JIMMY SMITH'S DAD TELLS HIM A WHOLE LOT OF INTERESTING THINGS.

I HATE TO INTERRUPT HIM IN HIS STUDIES SO I'LL WAIT A FEW MINUTES AND THEN ASK HIM SOMETHING

I KNOW MY DAD IS JUST AS SMART AS JIMMIE'S DAD - ONLY MINE IS DIFFERENT- GEE! I WISH HE'D TALK THINGS OVER WITH ME

AHEN! WELL ROBERT — HMM— HOW'S EVERYTHING GOING WITH YOU - LET'S TALK THINGS OVER.

"ALL RIGHT DAD! THAT'S JUST WHAT I WAS THINKING THERE'S A LOT OF THINGS I WANT TO KNOW ABOUT - LET'S GET TOGETHER!"

## STORY OF PRO SACCO

## Murder Case Made International

HOW did the Sacco-Vanzetti case—a murder trial in a small town in rural Massachusetts—until recently ignored by the world—suddenly become an international issue? Why were anti-American demonstrations held in the capitals of Europe, bombs sent to the American Ambassador in Paris, threats made by American representatives in Mexico, Peru, Buenos Aires?

Why were boycotts of American products and general strikes proclaimed throughout South America? Why were protest meetings held throughout the United States this week? All this was done in the name and behalf of two labor leaders.

A group of young men in the movement in an obscure office in Boston. The Third National in Moscow is being held now. The Post-Dispatch begins the extraordinary mushroom growth new cause celebre.

## CROWD OF 55,000 SEES HARVARD BEAT YALE, 1

The Crimson Comes First in Harvard, Scoring Touchdown Field Goal in Fourth

Special to the Post-Dispatch. CAMBRIDGE, Mass., Nov. 19.—About 55,000 persons saw Harvard, as represented by scores, booting around Soldotna this afternoon, when Harvard beat Yale, 10 to 2.

Harvard's scores came in the fourth period. The touchback by Owen and followed by a yard runback of a Yale punt, field goal was also scored who kicked from the Yale line.

Yale's field goal came in the third period, and was kicked from the 15-yard line.

The victory of Harvard over Princeton had been beaten Harvard and was beaten by Yale.

## AVERAGE AMERICAN EATS MORE THAN 100 POUNDS OF FOOD EACH

Secretary of Labor Submits Connection With Cost of Living

By the Associated Press. MOOSEHEART, Ill., Nov. 19.—Too much eating may have something to do with the high cost of living, Secretary of Labor Davis intimated here today, public Bureau of Labor statistics showing that the average American eats more than a ton year.

"The exact amount," he said, "is 2664 pounds per man per year, or 100 pounds per person per year. We've got to realize that we certainly don't stint our food, and will not be our fault if we soon have a race of giants."

"It's such an appetite and body than for the past few years that the average American manages to keep his body on a diet of food a year, and, if you'll notice, the American has some pretty fair work to do."

"The medical authorities make what they please of us," Secretary Davis said. "Notice the average Japanese consumes 205 pounds of food and the average Japanese only 20 pounds of fruit, 250 pounds, the average."

"What these figures mean I don't know except as an appropriate reflection of giving."

The Daily
